

JACKSON LAKE LODGE INTERPRETIVE SCHEDULE

HISTORY AND ART OF JACKSON LAKE LODGE

Sundays at 4:30 p.m.

Take a tour of Jackson Lake Lodge with our historian, Mary McKinney, who has spent over 35 seasons in Grand Teton. Learn about the history of the lodge, the wildlife paintings, Mural Room murals and more.

RAPTOR PRESENTATION

Mondays at 11:00 a.m

See birds of prey native to the Greater Yellowstone Ecosystem. Each Monday, the Teton Raptor Center brings a variety of birds, such as owls, eagles, hawks and falcons to Jackson Lake Lodge. See these majestic birds up close and learn about them from The Raptor Center staff who care for and rehabilitate them.

GRIZZLY TALK

Tuedays and Fridays at 7:00 p.m.

Learn about the fascinating life of grizzly bears. This presentation is given by Marilyn and Steve French who have studied grizzly bears since the mid 1970's and includes amazing photos, slides, video and an opportunity to ask questions.

MOUNTAIN LIONS: THE MYSTERY & THE MYTH

Wednesdays at 7:00 p.m.

Join the Cougar Fund, a local non-profit organization dedicated to education, advocating and assuring a lasting place for these animals to learn about America's most mysterious and captivating cat. Where are cougars, and what can you do to help them?

LUNCH TREE HILL WALK AND TALK

Thursdays at 7:00 p.m. and Kids Explorer Program Saturdays at 11:00 a.m.

End your day with a walk on Lunch Tree Hill with our Interpretive Specialist. Explore the natural and human history of Jackson Hole, find out how "Lunch Tree Hill" got its name and learn about the flora, fauna, and formation of Grand Teton National Park.

STAR GAZING

Saturdays at 9:00 p.m.

The night sky at Grand Teton National Park is so dark we can see thousands stars on a moonless night! Here the Milky Way extends from horizon to horizon like a vast silver rainbow. Planets glow brightly in the sky and starlight illuminates the night. Join us to celebrate the wonders of the night sky - program subjects include the life cycles of stars, the stories written in the constellations, and more!

JENNY LAKE LODGE INTERPRETIVE SCHEDULE

RAPTOR PRESENTATION

Mondays at 9:00 a.m.

See birds of prey native to the Greater Yellowstone Ecosystem. Each Monday, the Teton Raptor Center brings a variety of birds, such as owls, eagles, hawks and falcons to Jackson Lake Lodge. See these majestic birds up close and learn about them from The Raptor Center staff who care for and rehabilitate them.
